EXPERIENCE

In the last three years, I've dedicated myself to the dynamic realm of Computer Science, primarily honing my expertise in web development. Specializing in crafting user-friendly web designs, I leverage tools like WordPress to engineer seamless online experiences. Moreover, I've demonstrated a commitment to cutting-edge technology by seamlessly integrating artificial intelligence into projects using platforms such as ChatGPT.

- Proficient in HTML, CSS, JavaScript, React.js, Next.js, JavaScript, Tailwind Css, App Write, Portfolio Website,
- Developed websites using WordPress & E Commerce and implemented user-friendly web design principles to improve the user experience.
- Completed several artificial intelligence projects, including working with ChatGPT to create innovative and engaging user experiences.
- Specialization: Frontend and backend development, creating high-performance websites.
